

# CERTIFICATE OF APPRECIATION

Deb Bruns

*For reporting the catch of a tagged:  
Smallmouth Bass*

**History of recapture events for this fish.**

<u>Date(s) Recaptured</u>	<u>Gear Type</u>	<u>Length (inches)</u>	<u>Tag 1</u>	<u>Tag 2</u>	<u>Recapture Zone</u>
10/8/2023	BT	20.3	297755		11
5/30/2018	BT	17.3	297755		13

  

<u>Date Tagged</u>	<u>Gear Type</u>	<u>Length (inches)</u>	<u>Tag 1</u>	<u>Tag 2</u>	<u>Zone</u>	<u>Sex</u>
5/31/2017	EF	15.9	297754	297755	12	

GEAR TYPES: TN=Trap net ; EF=Electrofishing; LN=Launch Angling; BT=Boat Angling; GN=Gill net; SH=Shore, IC=Ice Angling

The Minnesota Department of Natural Resources thanks you for reporting the tag number(s) and recovery information noted above. This information will help in the understanding of growth, mortality, movement, catchability, and population size of fish in Mille Lacs Lake. It also provides important information useful in the protection of critical habitat. The map at right outlines the tagging and recapture zones used in this study. Please inform us if any of the recapture information is incorrect.

Thank you again,  
DNR Fisheries
